Kunlun DCA5070H and
DCC3008 oils.doc

**Subject: Letter of no objection for PetroChina
KunLun Marine System Oil DCC 3008 and
KunLun Marine Cylinder Oil DCA 5070H**

Dear Sir,

The PetroChina Kunlun system oil DCC 3008 and KunLun marine cylinder oil DCA 5070H consist of PetroChina group I base oil and Qixing additives.

Considering the physical and chemical data and the good results in bench tests as provided by PetroChina Lubricant Company, we have no objection to the use of these lubricants for an approval field test in the SL Champion vessel with Sulzer 9RTA84C engine.

The application must comply with Wärtsilä lubricating oil requirements and recommendations. Lubricants should be used as recommended in the Wärtsilä Service Bulletin RTA-18.3 and manuals. The supplying Oil Company is responsible for the performance of the oil in service, to the exclusion of any liability of Wärtsilä Switzerland Ltd.

Yours faithfully,
Wärtsilä Switzerland Ltd
